Diploma of Child, Youth and Family Intervention CHC50321

Integrating therapeutic perspectives
and practice

SAL Consulting's Diploma of Child, Youth and Family Intervention (CHC50321) focuses on providing learners with the opportunity to strengthen their knowledge and skills as part of their work in supporting families and children in government and non-government community services.

These include:

- out-of-home care
- Permanency Support Programs
- early intervention
- intensive family-based services
- schools
- youth work & youth justice
- homelessness
- family violence
- child protection

The program is available to you as an individual learner or to agencies wishing to upskill their workforce by providing opportunities to gain a qualification.

Our course bridges the gap between theory and practice to provide you with a hands-on, high-quality learning experience that is relevant to your work practice.

What makes our Diploma different to others?

Our Diploma course incorporates Neurodevelopment, Attachment and Trauma Informed (NATI) principles and therefore offers a unique approach to child, youth and family work. These principles are embedded across all of the Diploma subjects to enhance the core content and to enable you to work with children, youth and families from a therapeutic approach.

We are the only Registered Training Organisation in Australia that integrates the NATI approach across all of our services, including clinical work, therapy, organisational development and training. We are also an accredited provider of the Neurosequential Model of Therapeutics (NMT) as developed by Dr Bruce Perry at the Child Trauma Academy in the USA.

You will learn about:

- child development, trauma and attachment
- proactive therapeutic case management
- working with diverse client groups and families with complex issues, and
- group work, and supporting clients to improve relationships, all underpinned by NATI principles.

SAL Consulting has been providing customised support to people and organisations within the community, disability, health and youth sectors for over 15 years. We create strong, reciprocal relationships with individuals and organisations through communication and collaboration, which plays an integral part in our practice and ethos.

Our service delivery is supported by the latest research, best practice models and a hands-on approach. We are committed to assisting individuals and agencies to achieve the best possible outcomes through meaningful collaboration and enablement.

Our team is a highly qualified, diverse, multidisciplinary group, with specialised and on-the-ground experience in the community services, health, disability and youth sectors. Many of our consultants have held senior positions in government and nongovernment agencies, and are experienced in designing and providing quality services. SAL Consulting is accredited by the Child Trauma Academy to deliver the Neurosequential Model of Therapeutics, and are members of the Neuroleadership Institute.

Course Overview

Entry Requirements:

There are no formal entry requirements however learners who are currently working in an appropriate industry are encouraged to apply.

Duration:

The full Diploma pathway runs for approximately 18 months.

Course Delivery:

The course is delivered in a blended pathway using our online learning platform along with live tutorial webinars.

The course program and timetable has been designed to fit into your work role – you will be required to use current workplace examples in your assessment tasks and in group discussions and reflections.

Investment:

The course fee of the Diploma is \$6,500. We do not collect the fee in advance. Payment is made in instalments before each module, or you can negotiate an individual payment plan.

Can I receive Recognition of Prior Learning (RPL)?

We recognise that you may have years of experience in the workplace, or a previous qualification. You can gain Recognition of Prior Learning (RPL) by having your knowledge and skills mapped against the individual units of competency in the Diploma, thus reducing the time and study load to gain the qualification. We can assist you to identify the competencies you already have and provide evidence to validate your existing knowledge and skills.

You may also be eligible for credit transfer if you have previously completed a subject that is identical to the one in this program. In either case, this means you may be exempt from undertaking the assessment for either the whole unit or the whole module. Further details on RPL or Credit Transfer will be provided upon request or once you have enrolled.

Student Support:

If you have any learning or physical difficulties that may have an impact on your learning, our learning materials, tutorials and resources can be adapted and delivered appropriately, e.g. using large print, slower pace of information delivery, or verbal rather than written assessment. Please advise us of your needs prior to enrolment so that we can discuss options to support you.

Expression of Interest and Enrolment:

To find out more about this qualification, and to enrol, please contact us.
