

# Cert IV in Disability Support

## CHC43121

SAL Consulting (RTO Code 91494) is offering this brand new program to anyone who currently works in the disability sector across Australia.

The course focuses on disability support workers who support and empower people with disabilities to achieve greater levels of independence and wellbeing.

Our program promotes a person-centred approach and gives participants the skills and knowledge to work within a disability services framework. The course also reflects SAL Consulting's position as one of the few organisations offering a neurodevelopmental, attachment and trauma informed (NATI) approach.

SAL Consulting has been providing support to people and organisations for 18 years. Our delivery is unpinned by the latest research, best-practice models and a hands-on approach.

**"Thank you sincerely for your time, care, and patience. I literally could not have finished this certificate without the support of SAL Consulting."**

This is a self-paced course – you can enrol any time you are ready!
